Comment to S.C. Public Service Commission  
Re: Docket 2009-489-E

In your deliberations, please take a look at the "Basic Facilities Charge" on each bill for electric and gas charges. This is more than \$18.00 per customer per month - we yet to receive a sensible answer - Do the math !! Please get serious about looking into all SCE&G's expenditures -

Sincerely, Turan M. Jefferson
